Attachments: Fayetteville Phase 4 - 07-05-2018.xlsx

Importance: High

Michael,

Please see attached list of new contact info (samples collected 6/15/18 – 6/18/18) and received today, 7/05/18. Results ≥ 140 ng/L are highlighted.

There were two new exceedances in these new data located at:

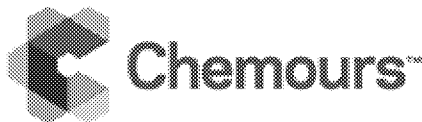

1190 Bladen Union Church Road
5909 Matt Hair Road

Please note:

1. One well is a new residential well sample (Bladen Union Church Road) and one is part of the Quarterly Testing of those wells between 100 – 139 ppt (Matt Hair Road).
2. A letter and water was delivered to both residences.
3. There are no shared wells in this group.

Thank you,
Christel

Importance: High

Kevin,

See attached list of contact info (additional new Residential sample collected 06-15-2018, and ongoing Quarterly Sampling).

This spreadsheet includes new Residential results and samples from the ongoing Quarterly sampling.

There was one new Residential result that was ≥ 140 ng/L (from 1190 Bladen Union Church Road) and one Quarterly Sampling result that was ≥ 140 ng/L.

None of the residences share their well with neighbors.

Please let us know if you need any additional information.

Thank you,

Robert Liddle, PG
